

SBE Student Video Contest

The State Board of Education
January 14, 2010

Austianna Quick
Aaron “Not Quite as Quick” Wyatt

What is it?

An online video contest designed to

1. Support the core components of our graduation requirements
2. Increase awareness of the Board's work
3. Provide students videographers with an opportunity to showcase their talents in a fun and creative way

2010 Theme: Why is Arts Education Important?

Students are encouraged to explore all facets of art education, both in the fine arts, the performing arts, and beyond.

Topics could include: dance, choir, band, drama, ceramics, fine arts, cad/cam/, video arts, and more.

How will it work?

- Students will work in teams of three to create a 5-minute video supporting this year's theme.
- Two categories: middle and high school.
- Entries submitted by DVD or through YouTube.
- Entries that meet all prerequisites, (explained in your packet) will be linked via the SBE website and YouTube channel.

What technology is required?

- Access to some sort of video camera, whether through the phone or a camcorder.
- Access to either an internet connection (to upload videos) or to a dvd/cd burner.
- Access to either Imovie or Windows movie maker (both free), or some other third party video editing software.

What are the other necessities?

- Entry Forms (contact information, summation of the project) to be submitted via email or snail mail.
- Parent permission forms for participating team members.
- Creativity, hopefully lots of examples of student art, and fun!

How will the videos be graded?

- Entries will be judged by Austianna and Anna Laura, in addition to any other Board members/staff who are willing to participate.
- The project will be scored on several variables (an example rubric is available in your packet).
- First and second place winners and their schools will be announced in May to coincide with OSPI Fine Arts Contest (and other fine arts festivals across the state).

Concluding thoughts...

- We are excited about this project and look forward to seeing what our contestants come up with!
- Hopefully, this is just the beginning of a fun contest that SBE can repeat every spring.
