EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.
- That in order to implement the requirements or reductions in appropriations enacted in any budget for fiscal year 2009, 2010, 2011, 2012, or 2013, which necessitates the need for the immediate adoption, amendment, or repeal of a rule, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the fiscal needs or requirements of the agency.

Reasons for this finding:

The legislature has found that it is the state's responsibility to create a coherent and effective accountability framework for the continuous improvement of all schools and for a specific group of lowest-achieving schools and their districts, and provide a required action process to turn around the identified schools (RCW 28A.657.005.) Immediate adoption is necessary for districts to have sufficient time to complete a required action plan, a critical part of the turn-around process, and for approval of the plan by the State Board of Education. The Office of the Superintendent of Public Instruction's identification of Priority schools, one of the criteria for the designation of required action districts, was delayed this year because certain required data was not available.
