

Two-year Extensions for Meeting 2016 Graduation Requirements in Social Studies and English

[WAC 180-51-067](#) requires students in the graduating class of 2016 and beyond to take an additional credit of English and half credit of social studies. A total of 72 districts had fewer English credits or social studies credit or both as part of their district requirements than the state requirements for 2016. Recognizing that meeting the state requirements would require more time for some districts, SBE provided a means for districts to seek a two-year extension, thereby postponing the additional requirements to the class of 2018.

The following 21 districts have submitted this resolution and will be granted a two-year extension:

- | | | |
|---------------------|--------------------------------|----------------|
| 1. Auburn | 9. Issaquah | 16. Puyallup |
