[Links to both the New and Renewing School Applications will be [available online March 1, 2023](#) and are due **April 28, 2023**.]

Before You Begin

Thank you for completing the 2023 - 2024 Private School Approval Application.

Renewing private schools will log in to submit a separate application for each campus or location using its unique building code as the password.

Logging in assures access to your partially pre-filled survey and also eliminates the need to complete the application in one sitting – your information will automatically be saved. When you return to the survey, you will be taken to the page where you left off, but you'll still be able to go back to previous pages if you need to make changes.

If you are a first-time applicant representing a new school, or if you represent an approved school opening an additional campus, please complete the 2023 - 2024 New Private School Application.
