Temporary Waiver

The Board will consider a temporary waiver of Career- and College-Ready Graduation Requirements for the following two districts for the Class of 2019 and the Class of 2020.

Omak

- Challenges: Omak School District voiced concern about the increase in credit expectations for the students who are enrolled in alternative programs. In particular, Highlands School has students who enter senior year with credit deficiencies.
- Solutions: The district has made a number of recent changes to support the new requirements but needs additional time. The district has hired [or is transitioning] a new counselor who will serve both Omak and Highlands High Schools. The district is implementing a grade report tracking system to better plan for interventions. Also, the district is providing tutoring access at Omak High School and adapting student written plans at Highlands High School to the new graduation requirements.

Wishram:

- Challenges: Wishram School District is a very small, rural district that doesn’t have the certified staff or courses in place to implement the career and college ready credit graduation requirements for the current graduating class. The challenge is particularly acute for CTE courses.
- Solutions: The district is implementing a grow-your-own strategy and has current staff members working on certifications. The district expects to have the necessary staff in place in time for the graduating class of 2021 to meet the career and college ready graduation requirements.

Opportunity and Imperative

- Substantial state investments in our P-12 education system over the past several biennia.

- Systemic reform in the how the state organizes work to support children and families with the creation of the Department of Children, Youth, and Families.

- A philosophical change in our system of accountability and support from “shame and blame” under No Child Left Behind (NCLB) to a model of “identify and support” under the Every Student Succeeds Act (ESSA) and state systems of support.

- Consensus among policy makers, educators, and stakeholders about the urgent need to address systemic challenges that lead to inequitable outcomes for our students.
Goals

- All students feel safe at school, and have the supports necessary to thrive.
- All students are able to engage in their schools and their broader communities, and feel invested in their learning pathways, which lead to their post-secondary aspirations.
- School and district structures and systems adapt to meet the evolving needs of the student population and community, as a whole. Students are prepared to adapt as needed and fully participate in the world beyond the classroom.
- Students successfully transition into, through, and out of the P-12 system.
- Students graduate from Washington State high schools ready for civic engagement, careers, postsecondary education, and lifelong learning.
- Equitable funding across the state to ensure that all students have the funding and opportunities they need, regardless of their geographical location or other needs.
Vision

The Washington State Board of Education envisions an education system where students are engaged in personalized education pathways that prepare them for civic engagement, careers, postsecondary education, and lifelong learning.

Mission

The mission of the State Board of Education is to provide: transparent leadership in K-12 education policy-making; effective oversight of schools serving Washington K-12 students; and, assertive advocacy for student personal growth and success. These three areas of responsibility will support a system that personalizes learning for each student and values diverse cultures, abilities, and learning styles.

Values

We, the Board members and staff of the Washington State Board of Education, value:

*Equity.* Equity – the process of identifying the needs of underserved populations of students, and providing additional resources for those students when they need it – is a primary consideration in our policy-making, initiatives, actions, and interactions. We actively seek to identify and remove barriers that inhibit equitable access to quality learning opportunities.

*Student-focused Education.* Provide educational, social, emotional, and mental health supports for the whole child. Enact policies that benefit our students, and modify or eliminate policies that are not beneficial. Create meaningful opportunities to hear from and respect diverse student voices. Build authentic, caring, relationships with students. Empower students to lead their own learning and provide personalized learning that is relevant to students.

*Strategic Action.* Enact impactful, sustainable, research-based initiatives to fulfill our mission and vision. Support an innovative and adaptive system that meets individual student needs.

*Dynamic and Future-focused Innovation.* Think, plan, and lead proactively. Anticipate the needs of our students and society. Employ research-based strategies. Encourage schools to innovatively cultivate student achievement. Recognize the changes in our students’ needs and change the system accordingly.

*Collaboration, Caring, and Inclusion.* Engage and collaborate with partners to achieve shared goals. Value, listen, and learn from all voices. Intentionally seek the wisdom of students, families, and communities to inform policies and practices, particularly those historically marginalized by the educational system.

- Increase funding for professional development to strengthen, develop, and retain strong, sustainable, diverse school leadership at every level.
- Provide funding to recruit and retain teachers, staff, and school leaders to reflect the diversity of the school and community.
- Provide adequate state funding for school and district facilities and to change the capital funding threshold to require a simple majority for passage of bonds.
Measuring Success:
Statewide Indicators of the Educational System

The monitoring of the Statewide Indicators of the Educational System Health centers on three primary framing questions:

- Are young children prepared to learn as they transition into the K–12 system?
- Do students have access to quality schools and programs?
- Are students provided an opportunity to develop the skills and knowledge to be prepared for civic engagement, careers, postsecondary education, and lifelong learning?

SUMMARY OF PROPOSAL FOR RULE-MAKING TO IMPLEMENT HB 2824

Prepared for the November 2018 Board meeting

This memo summarizes the proposed changes to rules to implement House Bill 2824, a bill that transfers roles and responsibilities between the Office of Superintendent of Public Instruction and the State Board of Education.

Proposal for WAC Chapter 180-90 (Private Schools)

- To implement the transfer of private school approval from the Office of Superintendent of Public Instruction to the State Board of Education per House Bill 2824, the proposal changes the agency referenced from “Superintendent of Public Instruction” to “State Board of Education” at various points and, as necessary, modifies language to implement this transfer.

- In WAC 180-90-145 (Approval-Initial Application-Exception), the proposal allows for schools that have filed for an exception for the initial application to be considered at the next regularly scheduled State Board of Education meeting.

- In WAC 180-90-160 (Minimum standards and certificate form), the proposal corrects language by referring to RCW 28A.195.010 rather than RCW 28A.150.220 to. This change correctly references private school law rather than basic education law.

- In WAC 180-90-160 (Minimum standards and certificate form), the proposal corrects a reference to graduation requirement rules so that the reference remains consistent even when graduation requirements are to be updated.

- Clarifies or corrects language as necessary.

Proposal for WAC Chapter 180-18 (Waivers for Restructuring Purposes)

- To implement the transfer of administration of the approval process for waivers from basic education requirements from the State Board of Education to the Superintendent of Public Instruction per House Bill 2824, the proposal changes the agency referenced from “State Board of Education” to “Superintendent of Public Instruction” at various points and, as necessary, modifies language to implement this transfer.

- In WAC 180-18-030 (Waiver from total instructional hour requirements), clarifies that the Superintendent of Public Instruction may grant waiver requests that demonstrate the waiver is necessary to support improving student achievement. This is a clarification rather than a substantive change because the waiver is pursuant to WAC 180-18-050 which already requires...
the waiver request to demonstrate that the waiver is necessary to support improving student achievement.

- The proposal changes timelines that are based on scheduled State Board of Education meetings to be “based on a schedule issued by the Superintendent of Public Instruction” and clarifies timeline information as necessary.

- In WAC 180-18-065 (Waiver from one hundred eighty-day school year requirement for purposes of economy and efficiency—Criteria for evaluation of waiver requests), the proposal clarifies the order of prioritization for waiver requests in the event that a greater number of requests for waivers are received than may be granted. The proposal clarifies that districts that are already operating on a flexible calendar under this waiver program are prioritized.

- Clarifies or corrects language as necessary.

Proposal for WAC 180-16-195 (Annual reporting and review process)

- To implement the provision of House Bill 2824 that allows the State Board of Education to recommend withholding of funds rather than require withholding of funds, the proposal removes language that is no longer necessary when recommending withholding of funds.

- Requires that the State Board of Education staff notify the Superintendent of Public Instruction and the school district in the event of a certification of noncompliance.

- Clarifies and corrects language as necessary.

Proposal for WAC 180-16-225 (Waiver—Substantial lack of classroom space—Grounds and procedure)

- The proposal changes timelines that are based on scheduled State Board of Education meetings to be “based on a schedule issued by the Superintendent of Public Instruction” and clarifies timeline information as necessary.

- Clarifies and corrects language as necessary.

WAC 180-90-112 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Approved private school" means a nonpublic school or nonpublic school district conducting a program consisting of kindergarten and at least grade one, or a program consisting of any or all of grades one through twelve which has been approved by the state board of education in accordance with the minimum standards for approval as prescribed in this chapter.

(2)(a) "Reasonable health requirements" means those standards contained in chapter 246-366 WAC as adopted by the state board of health.

(b) "Reasonable fire safety requirements" means those standards adopted by the state fire marshal pursuant to chapter 43.44 RCW.

(3)(a) "Minor deviation" means a variance from the standards established by these regulations which represents little or no threat to the health or safety of students and school personnel, and which does not impact the ability of the school to provide an educational program which is in substantial compliance with the minimum standards set forth in WAC 180-90-160, and which, therefore, does not preclude the granting of full approval.

(b) "Major deviation" means a variance from the standards established by these regulations which represents little or no threat to the health or safety of students and school personnel but may impact the ability of the school to provide an educational program which substantially complies with the minimum standards set forth in WAC 180-90-160, but is not so serious as to constitute an unacceptable deviation.

(c) "Unacceptable deviation" means a variance from the standards established by these regulations which either:

(i) Constitutes a threat to the health or safety of students or school personnel; or

(ii) Demonstrates that the school is not capable of providing an educational program which substantially complies with the minimum standards set forth in WAC 180-90-160.

(4) "Total instructional hour offering" means those hours when students are provided the opportunity to engage in educational activity planned by and under the direction of school staff, as directed by the administration and board of directors, inclusive of intermissions for class changes, recess and teacher/parent-guardian conferences which are planned and scheduled by the approved private school for the purpose of discussing students' educational needs for progress, and exclusive of time actually spent for meals.

(5)(a) "Non-Washington state certificated teacher" means a person who does not have a Washington state certification consistent with WAC 181-79A-030(2), but who has:

(i) A K-12 teaching certificate from a nationally accredited preparation program, other than Washington state, recognized by the U.S. Department of Education; or

(ii) A minimum of a baccalaureate degree in the subject matter to be taught or in a field closely related to the subject matter to be taught; or
(iii) A minimum of one calendar year of experience in a specialized field. For purposes of this subsection the term "specialized field" means a specialized area of the curriculum where skill or talent is applied and where entry into an occupation in such field generally does not require a baccalaureate degree including, but not limited to, the fields of art, drama, dance, music, physical education, and career and technical or occupational education.

(b) "Exceptional case" means that a circumstance exists within a private school in which:

(i) The educational program offered by the private school will be significantly improved with the employment of a non-Washington state certificated teacher. Each teacher not holding a valid Washington state certificate shall have experience or academic preparation appropriate to K-12 instruction and consistent with the school's mission. Such experience or academic preparation shall be consistent with the provisions of (c) of this subsection; and

(ii) The school employs at least one Washington state certified teacher, administrator, or superintendent who provides general supervision to any non-Washington state certificated teacher. The school will annually report to the (office of the superintendent of public instruction) state board of education the academic preparations and experience of each non-Washington state certificated teacher providing K-12 instruction in an addendum to the certificate of compliance as provided in WAC 180-90-160; and

(iii) The non-Washington state certificated teacher of the private school, employed pursuant to this section, has been verified by the private school, as meeting the age, good moral character, and personal fitness requirements of WAC 181-79A-150 (1) and (2), and has not had his or her teacher's certificate revoked by any state or foreign country consistent with WAC 181-79A-155 (5)(a).

(c) "Unusual competence": As applied to an exceptional case wherein the educational program as specified in RCW 28A.195.010 and WAC 180-90-160(7) will be significantly improved with the employment of a non-Washington state certificated teacher as defined in (a) of this subsection.

(d) "General supervision" means that a Washington state certificated teacher, administrator, or superintendent shall be generally available at the school site to observe and advise the teacher employed under provision of (c) of this subsection and shall evaluate pursuant to policies of the private school.

AMENDATORY SECTION (Amending WSR 15-24-108, filed 12/1/15, effective 1/1/16)

(1) At least ninety days prior to the commencement of the annual school term or period, the chief administrator of each private school shall file with the (office of the superintendent of public instruction, in accordance with procedures established by the superintendent of public instruction) state board of education a certificate of compliance in the form and substance set forth in WAC 180-90-160.
(2) The (superintendent of public instruction) state board of education shall review each certificate. The review shall be completed within thirty days after receipt of a completed application.

(3) (If the superintendent of public instruction finds no minor, major, or unacceptable deviations, the superintendent of public instruction shall recommend full approval of the private school to the state board of education.

(4) If the (superintendent of public instruction) state board of education finds deviation, the private school shall be notified through written or electronic communication of any minor, major, or unacceptable deviations which must be corrected.

MEMO ON WAIVERS OF MINIMUM REQUIREMENTS OF THE PROGRAM OF BASIC EDUCATION

Prepared for the November 2018 Board Meeting

Policy Considerations
Do the applications for waiver of minimum requirements of the program of basic education provide the information and documentation required by law?

Overview of Waivers

- Temporary Waiver from Career- and College-Ready Graduation Requirements
  2. Wishram School District requests a temporary waiver for the Class of 2019 and the Class of 2020, thereby requiring implementation for the Class of 2021.

Temporary Waiver from Career- and College-Ready Graduation Requirements
Do the applications by Omak and Wishram School Districts for temporary waiver of graduation requirements provide the information and documentation required by WAC 180-51-068(11)?

RCW 28A.230.090(1)(d)(ii) authorizes school districts to apply to the State Board of Education for a temporary waiver from the Career- and College-ready graduation requirements directed by Chapter 217, Laws of 2014 (E2S5B 6552) beginning with the graduating class of 2020 or 2021 instead of the graduating class of 2019.

Omak School District requests a temporary waiver from Career- and College-Ready graduation requirements for the Class of 2019 and 2020. This would result in implementation of the 24-credit graduation requirements for the Class of 2021. Omak School District voiced concern about the increase in credit expectations for the students who are enrolled in alternative programs. In particular, Highlands School has students who enter senior year with credit deficiencies. The district has made a number of recent changes to support the new requirements but needs additional time. The district has hired [or is transitioning] a new counselor who will serve both Omak and Highlands High Schools. The district is implementing a grade report tracking system to better plan for interventions. Also, the district is providing tutoring access at Omak High School and adapting student written plans at Highlands High School to the new graduation requirements. The district submitted all of the required documentation for this waiver request, including the application and signed resolution.
Wishram School District requests a temporary waiver from Career- and College-Ready graduation requirements for the Class of 2019 and 2020. This would result in implementation of the 24-credit graduation requirements for the Class of 2021. Wishram School District is a very small, rural district that doesn’t have the certified staff or courses in place to implement the 24 credit graduation requirements for the current graduating class. The challenge is particularly acute for CTE courses. The district is implementing a grow-your-own strategy and has current staff members working on certifications. The district expects to have the necessary staff in place in time for the graduating class of 2021 to meet the career and college ready graduation requirements. The district submitted all of the required documentation for this waiver request, including the application and signed resolution.

**Action**

The Board will consider whether to approve the request for a temporary waiver of Career- and College-Ready graduation requirements presented in the applications by Omak and Wishram School Districts.
