Board Norms for the Washington State Board of Education
For Discussion – November 7, 2019

The Ad-Hoc committee on Norms met following the September retreat to discuss revisions to the Board norms for consideration when new members join the Board in January 2020. This brief includes draft norms being discussed by committee members and a few items for further consideration. The norms are intended to provide a common agreed upon set standards of behavior for the Board. The norms build on the values adopted by the Board and should define what that value looks like through the expected behavior of the Board and individual members. In addition, the norms fit within a framework that includes the Board vision, mission, and statutory roles and responsibilities. The norms share some language and purpose with the bylaws but unlike the bylaws the norms are non-binding expectations for behavior of the group.

Vision
The Washington State Board of Education envisions an education system where students are engaged in personalized education pathways that prepare them for civic engagement, careers, postsecondary education, and lifelong learning.

Mission
The mission of the State Board of Education is to provide transparent leadership in K-12 education policy-making; effective oversight of schools serving Washington K-12 students; and, assertive advocacy for student personal growth and success. These three areas of responsibility will support a system that personalizes learning for each student and values diverse cultures, abilities, and learning styles.

Values

Equity
Equity is a primary consideration in our policy-making, initiatives, actions, and interactions. The Board has adopted an Equity Statement of Intent (https://sbe.wa.gov/about-us/equity) and we actively seek to identify and remove barriers that inhibit equitable access to high-quality learning opportunities.
Student-Focused Education

Provide educational, social, emotional, and mental health supports for the whole child. Enact policies that benefit our students, and modify or eliminate policies that are not beneficial. Create meaningful opportunities to hear from and respect diverse student voices. Build authentic, caring relationships with students. Empower students to lead their own learning and provide personalized learning that is relevant to students.

Strategic Action

Enact impactful, sustainable, research-based initiatives to fulfill our mission and vision. Support an innovative and adaptive system that meets the needs of individual students.

Dynamic and Future-Focused Innovation

Think, plan, and lead proactively. Anticipate the needs of our students and society. Employ research-based strategies. Encourage schools to innovatively cultivate student achievement and develop transferable skills for a changing workplace. Recognize the changes in our students’ needs and change the system accordingly.

Collaboration, Caring, and Inclusion

Engage and collaborate with partners to achieve shared goals. Value, listen, and learn from all voices. Intentionally seek the wisdom of students, families, and communities, particularly those historically marginalized by the educational system, to inform policies and practices.

Integrity

Act with honesty, professionalism, and transparency. Fulfill our commitments in a fair and ethical manner.

Draft Norms

1. Board meetings will focus on State Board of Education goals as articulated in the Strategic Plan, while recognizing that other matters may also be part of a meeting agenda.

2. The purpose of Board meetings is to discuss policies that help all students engage in personalized education pathways that prepare them for civic engagement, careers, post-secondary education, and lifelong learning. Agendas, presentations, and discussions for each board meeting should reflect this overarching purpose.
3. As a policy making and advocacy body the Board will adhere to shared values expressed in the strategic plan as they endeavor to fulfil their mission and visions. To this end the Board will annually review and update the equity statement and lens to ensure equity remains an integral part of the policy and decision making process.

4. At Board meetings, and in all communications with the public and staff, Board members will maintain the dignity and integrity appropriate to an effective public body.

5. Every board member is expected to play a meaningful role in the Board’s overall operations. Each member expects of one another a dedication to the work of the Board and will endeavor to understand the views of other members and to engage in civil discussion. The Board embraces healthy debate on policy issues. In addition, the board endeavors to:
   a. Support new members learning as they become engaged and active members of the Board.
   b. Ensure student voice is heard and considered as a critical part of policy debate and discussion.

6. Board meetings include the following procedures:
   a. Board meetings will start on time and end on time.
   b. Meeting materials will be made available one week in advance (see Bylaw Article V section 2) and should consistently be of high quality.
   c. Board members are expected to consistently attend and prepare for Board meetings and to read the materials in advance of the meeting (see Bylaw Article III, section 2).
   d. Each presentation will start with a staff introduction providing clarity of the purpose of the presentation and the decision to be made or issue to be considered.
   e. Board members will hold their questions (except for brief clarifying questions) until the end of each presentation, or until the presenter offers a designated “pause” for questions.
   f. The rules contained in the current edition of *Robert’s Rules of Order Newly Revised* shall govern the State Board of Education in all cases to which they are applicable and in which they are not inconsistent with these bylaws, state law and any special rules of order the State Board of Education may adopt.
g. Board members will do their best to be succinct to maintain opportunity for all to express themselves. To avoid repetition of the same ideas and points Board members will strive to express agreement with a member rather than repeat a point that has already been made.

h. In the interest of orderly and efficient meetings, and in an effort to balance Board members’ speaking time, the Board Chair will recognize members prior to them speaking. The Vice Chair or Executive Director will assist the chair in tracking who would like to speak on an issue.

i. Each Board member expects of others a commitment to speak and listen with purpose during each discussion. The Board Chair – or his/her designee – will provide leadership to ensure that the discussions and deliberations are leading to a focused outcome.

j. Board meetings should be a forum for Board discussion. Staff and guest presentations will be structured to facilitate this discussion, not supplant it.

k. Board members may engage in different ways and may find it necessary at times to stand or move around during the meeting time.

7. When considering policy proposals or other decisions, each Board member expects of others an opportunity for advance review. The Board agrees to a “no surprises” mode of operation. To this end, Board members may submit proposed agenda items to the Chair or Executive Director (see Bylaw Article V, section 2) for consideration by the Executive Committee. The Executive Committee will respond to member proposals as appropriate.

8. Although the Board is composed of appointed and elected members, Board members strive for commonality and unity of purpose through their deliberations.

9. Board members will maintain the confidentiality of executive sessions.

10. Members of the Board will support Board positions, decisions, and policies when providing information to the public, stakeholder groups, or the legislature. (3) This section does not preclude individual Board members from expressing their personal views. When expressing personal views, members should specify that that they are speaking as an individual and not on behalf of the Board.

11. The chair, executive director, or the executive director’s designee will be the spokesperson for the Board with the media.
12. The Board is a learning organization. As a body we strive to explore new issues and expand our collective knowledge to better address policy issues facing students and our education system. To this end members and staff engage in professional learning and the board will engage with stakeholders and other experts to inform planning and establishing priorities.

Notes:

Other Concepts raised in September, or subsequent conversations that warrant further conversation:

- **Operational / procedural items:** – probably not in norms:
  - post meeting survey improvements and participation;
  - need for more robust onboarding process

- **Stage direction from chair (annotated agenda):**
  - **Beginning of Meeting:**
    - land acknowledgement;
    - equity lens;
    - pledge;
    - members may get up and move around; take breaks as needed;
    - emergency exits etc.
  - **Prior to Action:**
    - student advisory vote
    - equity lens

Further consideration:

- Is there specific direction regarding expectations for certain members (e.g. is there guidance from the governor related to appointed positions that should be addressed in the norms).
- There is a norm associated with advancing and item or placing it on the table. Should there be a norm around withdrawing an item?
- Should there be some mention of SBE’s engagement with the community through our community forums prior to our regularly scheduled meeting? If so, should there also be language to describe the expectations in terms of Board member attendance at the forums?
- Should there be some mention of Board members representing SBE at events and meetings beyond our scheduled meetings? Is there an expectation that we will attend other meetings (e.g. WSSDA, WASA, etc.) on behalf of SBE?
